

# Cedar Plywood Project Planner & Checklist

Use this printable checklist to plan your cedar plywood project - whether you're building a closet liner, garden planter, or storage chest.

## Project Checklist

- Measure project space (length, width, height)
- Choose cedar plywood type (Aromatic Red or Western Red)
- Determine required thickness (1/8", 1/4", 1/2", or 3/4")
- Estimate sheet quantity needed
- Select fasteners or adhesives
- Choose finish (clear coat, stain, or leave raw)
- Prepare tools (saw, sander, clamps, etc.)
- Ventilate workspace (especially when finishing)
- Cut, assemble, and sand edges
- Apply finish or sealer (if needed)
- Let dry and install/use
