

# Beginner Woodworking Tools Checklist

Print this list and check off tools as you collect them. These are the core essentials to get started in woodworking.

## Quick Starter Kit Checklist

- Tape Measure
- Combination Square
- Cordless Drill
- Circular Saw
- Clamps
- Chisels
- Random Orbital Sander
- Hammer
- Safety Gear (glasses, dust mask, ear plugs)
- Workbench or Sturdy Table

## Bonus Tools to Consider as You Grow:

- Jigsaw
- Miter Saw
- Pocket Hole Jig (like Kreg 320)
- Router

*Tip: Look for tool bundles or combo kits to save money, and always prioritize safety!*
